

Go the **X**tra mile to

X-Out Cervical Cancer

A CALL FOR A PLEDGE!!

To be held from Sept. 13-17,
The Tour of Hope-Philippines is a 5-day,
500 KM bike tour from Vigan to Subic. The tour's
beneficiary is the Cancer Institute Foundation (CIF)
with the hope of raising funds and awareness for
cervical cancer screenings across the Philippines.

The cyclists'
main objective is to raise awareness and funds for the CIF
and to demonstrate personal commitment in reaching out
to the less privileged individuals and communities
in the Philippines and Asia

For these reasons, we would like to appeal to your generosity
by pledging any amount for every kilometer
that your chosen cyclist will be able to cover.

I pledge to donate Php _____ for every kilometer
the biker _____ is able to accomplish during The Tour of Hope !!

To pledge or find out more information, contact Joyette Jopson at 0917-882-7352.
